TECH SKILLS

- Python
- Java
- HTML, CSS, JavaScript
- SQL
- Microsoft Word
- Microsoft Excel

SOFT SKILLS

- Typewriting
- Time Management
- Leadership
- Teamwork
- Quick Learner

LANGUAGES

- English
- Tamil

TOOLS

- GitHub
- VS Code
- Excel

OBJECTIVE

AI & Data Science student with strong foundation in Python and problem-solving, seeking an online internship to apply technical skills and gain practical experience in real-world projects.

EDUCATION

B.Tech Artificial Intelligence and Data Science
VSB Engineering College — **2024-2028**
CGPA : 8.21

Rajendran Matric Hr School
SSLC : 90.6%
HSC : 87 % — 2021-2024

PROJECTS

UAT-Lens-Ai

UATlens AI transforms complex requirement documents (PRDs, BRDs, User Stories, Acceptance Criteria) into complete, verified, and traceable User Acceptance Testing (UAT) test cases in minutes. Every test case links directly to a verbatim source quote with a zero-hallucination guarantee.

Rock-Guard AI

A working control-room console that turns rock-face imagery and slope-sensor telemetry into a graded rockfall risk score, an explanation of *why* the risk is what it is, a hazard map, and an actionable alert.

ACHIEVEMENTS

Secured 2nd Prize Code Fault Arena in VSB Engineering College .
Elite in NPTEL courses.

CERTIFICATIONS

Artificial Intelligence Intern Codec Technologies Pvt. Ltd. (AICTE & ICAC Approved).
Introduction to IoT and Digital Transformation (Silver Category) | NASSCOM FutureSkills Prime.
Salesforce Administrator Explorer | FutureSkills Prime (Aligned with SSC NASSCOM).
SkillQuest - Generative AI Literacy | Simplilearn through SkillUp.
Introduction to Cybersecurity Awareness | HP LIFE / HP Foundation.
Agentblazer Champion 2026 (AI Agentforce Skills) | Salesforce
Data Analyst Foundation Course in Udemy.
